Since early 2019, Base have been providing specific APC training and guidance to the aspiring chartered surveyors within Telford Homes' commercial team. As part of this guidance, we have been delivering the roles of APC Counsellor and Supervisor, along with tailored CPD sessions and mock interviews, to prepare their candidates to take the APC.

It is a privilege to play such a significant role in the chartership process of dedicated individuals, and we are delighted to see our support and the commitment of the Telford Homes team culminate in exciting results.

ABOUT OUR GUIDANCE

telfordhomes

Telford Homes',  
Joel Woodvine says:

“

*I am extremely grateful to Base Quantum for the excellent support and guidance they provided throughout the 2-year structured APC process. From being on-hand to answer any questions, to providing me with invaluable advice and ensuring I was fully prepared for the final assessment.*

Joel Woodvine - Quantity Surveyor

”

The team at Base are highly experienced in the training of APC candidates and we pride ourselves on being able to guide competent quantity surveyors confidently to RICS Chartership. If you do not have the resources to take your candidates through the APC process but would like to benefit from professionalising your team, please contact us at [emma.honeysett@base-quantum.co.uk](mailto:emma.honeysett@base-quantum.co.uk) to discuss the support we can provide.
